PREFACE

In this catalog I describe the choice collection of United States Cents and Half Cents formed by Dr. J. M. Henderson of Columbus, Ohio. Dr. Henderson was for several terms President of the American Numismatic Association and one of those who did a large share in building up the Association. He has brought together a fine collection of Cents, and members could show their appreciation of his services by bidding liberally on his collection.

There are some very beautiful pieces in the collection, particularly the 1793 Chain Cent with the head in high relief, Liberty Cap 1793, several of the 1794's, 1804 dies perfect, the uncirculated 1805's of both varieties, the very fine 1806, 7, 8, 9, 11, 21, 22, and the extremely rare 1796 and proof Half Cents.

I have arranged three plates, showing the most important Cents, price $1, postpaid, which is only the cost of the prints. These prints show absolute definition with the exact preservation of the pieces. Hand-priced catalogs may be had after the sale for 50c.

At the end of the sale will be found the Kingman Collection of U. S. Fractional Currency.

I guarantee all the coins genuine, original or restrike, as described.

I will faithfully execute orders for a commission of 5%.

Respectfully,

S. H. CHAPMAN,

Numismatist.
